

Anniversary

Anniversaries are milestone events no matter how many years. Make a memory with a personal message from the heart.

Ask yourself these questions for inspiration! Don't forget to include names, Happy Anniversary, dates/how many years and who it's from.

For each other: How do they make you feel? What are your pet names for each other? What is a happy memory from the past year? Is there an inside joke you share?

For the couple: What is something you admire about their relationship? How can you tell the couple loves each other?
